

WHAT MAKES CAFFAREL CHOCOLATE SO SPECIAL?

COCOA, FROM BEAN TO CHOCOLATE

We are among the few ones to **produce chocolate** starting from cocoa bean.

We carefully select, process and blend the **best quality cocoa beans** from the world's most renowned origins.

THE INVENTORS OF THE GIANDUIOTTO

We invented the Gianduiotto in 1865: the first hazelnut-based chocolate, the first wrapped praline ever.

Still true to the original recipe, combining 28% Piedmont hazelnuts, the best chocolate and a unique production method called "extrusion".

Combining tradition and innovation we have created another masterpiece: Piemonte.

A mouthwatering experience of our velvety Gianduia chocolate together with the crunchiness of the best whole hazelnuts.

FINEST CHOCOLATE, BEST HAZELNUTS

We only use the best Italian hazelnuts freshly selected, picked and roasted, according to our high standards together with the finest cocoa beans.

Mixing them is an art that we have mastered in over 190 years of history offering you the ultimate velvety chocolate experience.

ARTISANS IN OUR HEARTS

We produce our chocolate according to the same artisan culture that inspired Paul Caffarel back in his lab in 1826.

The unique Gianduiotto production method called “extrusion” is the way to recreate the manual gesture of the chocolate artisans to make you experience that soft and velvety drop.

Our attention to details and the high quality of our packaging make Caffarel a perfect gift!

PROUD TO BE ITALIAN!

We proudly produce all our products in Italy, in Luserna San Giovanni, close to the Alps.

Caffarel Gianduiotto's invention exported the Turin chocolate culture globally, becoming one of the most tempting ambassadors of Made in Italy in the world.

The new international strategy has showed impressive results: Gianduia 1865 and Piemonte are now available in all the major department stores and premium retailers.

THE FIRST SINCE 1865. ALWAYS UNIQUE.

Combining the finest chocolate and the best Piedmont hazelnuts **comes a velvety and absolutely unique pleasure.**

Opening the wrapper, the first thing that captures you is **the intense scent of cocoa and hazelnuts.**

The smooth, soft and silky taste is a prelude to the pleasure on your palate where **the chocolate melts deliciously**, involving all your senses.

THE INVENTION OF GOODNESS

How did we come up **with the idea of adding hazelnuts to cocoa**? During the wars of the Risorgimento, Piedmont's Government reduced the importation of luxury goods, including cocoa.

Therefore, **Paul Caffarel devised replacing it partly with hazelnuts.** Piedmont produced large quantities of top quality hazelnuts and continues this to date.

During Turin's carnival in 1865, **Caffarel invented the first Gianduiotto**, named after Gianduja, the traditional mask of Piedmont.

THE ORIGINAL RECIPE 28% PIEDMONT HAZELNUTS AND FINE COCOA

Piedmont hazelnuts are recognized by experts as the best in the world to combine with cocoa.

We also have the good fortune of being right in Piedmont.

The cocoa we use for Gianduia 1865 **perfectly** combines the aroma of hazelnuts

HOW DO WE OBTAIN THE INIMITABLE CREAMY SMOOTHNESS OF THE GIANDUIOTTO?

Since 1865, a traditional production process creates unique shapes from the blend of the finest chocolate and the sweetest Piedmont hazelnuts. An elegant reproduction of the chocolate artisans' gesture, masterfully handed down over the time, mounts a silky pleasure and a delightful scent in a golden wrapper. Such creamy smoothness is the unique taste of original Gianduiotto, irresistible creation by Caffarel.

A TIP FOR GOURMANDS

Like all the best things in life, **Gianduiotto has to be savored in pairs**: it is better to have two, one after the other.

In this way the persistent taste of the first one joins the aromas just left on the palate by the second.

An experience that doubles the pleasure of Gianduiotto.

So good that one is not enough.

Piemonte

PLEASURE CAPTURED IN A CUBE

In a tempting praline, the best gianduia chocolate meets the whole masterfully-toasted hazelnuts. A tender taste explosion kept in delicious and delicate cubes, for a unique experience of a crunchy pleasure. Piemonte is an exquisiteness hard to equalize!

Intense smell, chocolate taste,
crunchy hazelnuts...

Piemonte is a unique work of art!

The wide range of proposals and the prestigious packagings make it a refined present, ideal for every occasion.

I LOVE FONDENTE

A JOURNEY TO DISCOVER CAFFAREL'S DARK CHOCOLATE PLEASURES

I LOVE FONDENTE, A REAL MASTERPIECE!

We source cocoa from the world's most renowned places of origin: Central America and Ghana. One has a delicate and aromatic flavour, the other one has a strong and intense flavour. Thanks to our expertise and know-how we mix them to obtain irresistible dark chocolate recipes.

We roast cocoa beans masterfully to exalt the strenght of their flavour and aroma.

Then, the best refining is necessary to reduce cocoa mass and other ingredients in very fine particles, obtaining the extremely smooth, soft and silky taste, a prelude to the pleasure on the palate.

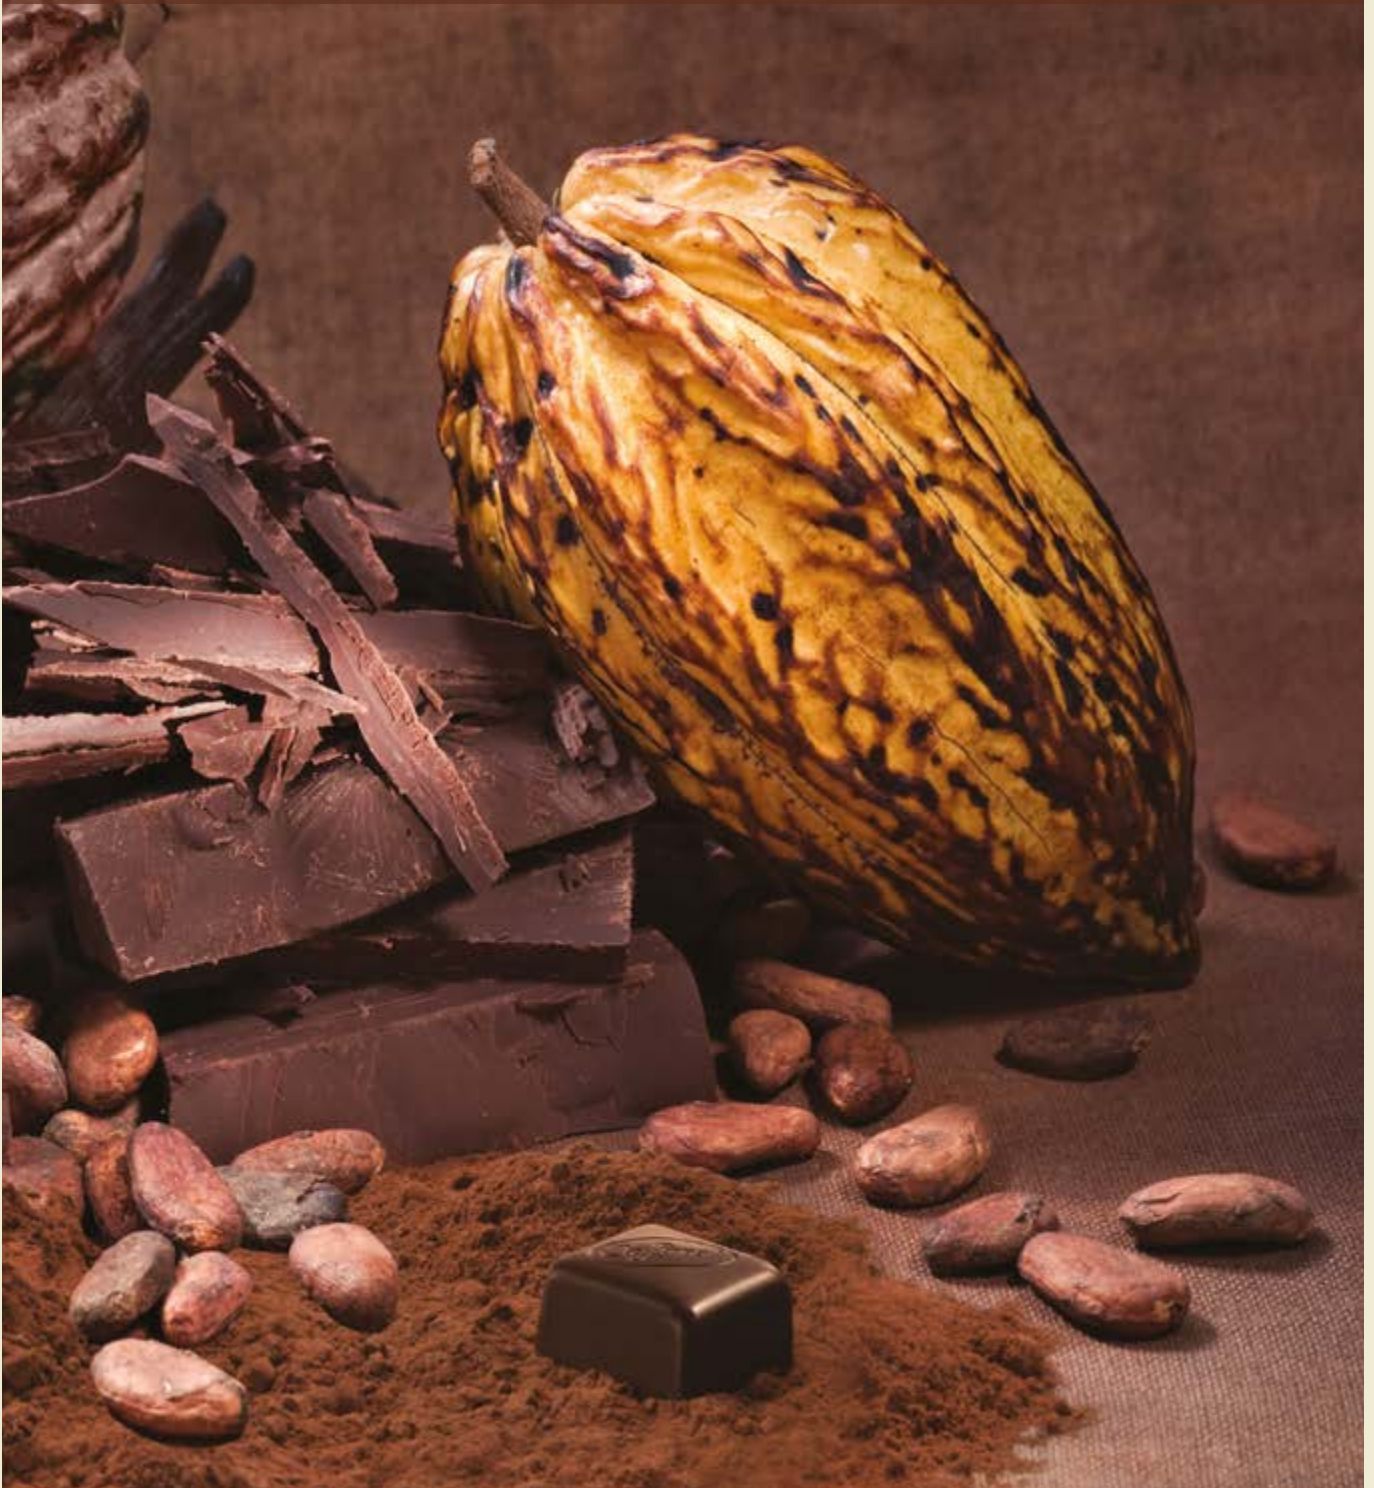

This is followed by long and slow conching, to remove the typical acidity of cocoa and to harmonize flavours and aroma.

DARK CHOCOLATES PLEASURES

Let chocolates slowly melt in your mouth...

- **Trés noir:** dark chocolate with cocoa nibs coating and dark creamy filling
- **Cabossa 60% cocoa:** dark chocolate with creamy filling and cocoa nibs
- **75% cocoa cube:** delicious 75% plain dark chocolate
